# LATEST UPDATE ON KOI OFFSHORE APPLICATIONS FOR JULY 2020 INTAKE

#### Dear Agent,

The Coronavirus (COVID-19) pandemic has prompted border closures around the globe. Australia has also closed its borders to all non-citizens and non-residents. Because of this crisis, KOI in an earlier email **dated 03 April 2020** has advised of suspending offshore applications for July 2020 intake.

Below are the new developments from KOI in regards to the **selected** offshore applications for July 2020 intake. KOI Executive Management wishes to assist and support these students if they would like to study in July 2020 trimester, on the following basis:

- Students are required to register in online learning/classes for July 2020 trimester until the
  travel bans are completely lifted, after which they can request a CoE from KOI to apply for the
  visa. If for any reason the student visa is refused, KOI will accept a re-application.
- Students are required to have adequate resources to undertake their online studies which includes having access to a computer/laptop and a standard Wi-Fi connection.
- Students are required to meet GTE requirements (not SSVF financial requirements) at this stage for KOI July 2020 intake. Students will be requested to provide financial documents at the time of CoE request for visa lodgement.
- Students are recommended to enrol for two (2) subjects in July 2020 trimester followed with three (3) subjects in November 2020 trimester. However, if the student would like to enrol for more subjects, they will be permitted to do so. Students will be required to pay accordingly.
- The enrolled subjects and the teachers for those subjects will be carefully selected by the KOI
  Online Learning Team. This strategy will ensure that students will maximise their success in
  managing the studies online as well as engaging with their teachers.

# 国王学院 2020年7月学生网上教学开放通知

The students will be provided additional support and care to undertake their online studies.
 Closer to the enrolment date, the KOI Online Learning Team will personally contact these students for enrolment with advice in regards to their orientation and online learning delivery.
 This is to ensure that student's experience with KOI online learning is smooth and will substitute face-to-face delivery until after the pandemic restrictions are eased.

#### Benefits of studying online in July 2020 trimester

- The non-enrolment caused by the current pandemic may result in a study gap for students.
   Online enrolment for July trimester means that the student can resume their international education immediately after the situation becomes stable and they can apply for the student visa to travel.
- Students are required to pay for only two (2) subjects and the enrolment fee to commence studies in July 2020 intake. Students will be allowed to enrol for three (3) subjects in November 2020 intake and this will further assist them financially. Please note that if the student would like to enrol in more subjects, they will be permitted to do so.
- Students are advised to mention their commencement of studies in their Statement of Purpose (SOP) at the time of their visa application.

Please liaise with your listed students and advise KOI Admissions (<u>admissions@koi.edu.au</u>) of their decision no later than **Friday**, **12 June 2020** 

Best wishes, **KOI Marketing**
